

The page is framed by a lush border of tropical plants. On the left and right sides, there are large green monstera leaves with characteristic holes, interspersed with feathery palm fronds. At the bottom left, a white frangipani flower with a yellow center is visible. At the bottom right, a vibrant bird of paradise flower in shades of orange, red, and blue is shown. Small green berries on thin stems are scattered throughout the lower half of the border.

PALAIS BEACH  
STEPHANIE
